Engaging and Satisfying Today's Patient— Building Essential Communications & Health Coaching Skills

Program Purpose and Description

This highly dynamic, interactive workshop will teach you the essential communications and health coaching skills necessary to advance patient engagement which is **proven** by Med-Revu to boost patient satisfaction and reduce readmission rates.

Target Audience

- > Registered nurses who are responsible for patient care or lead patient care teams.

Objectives

- > Learn advanced communications & health coaching skills: Framing Conversations, Teach-back and Goal Setting.
- > Build proficiency in applying these skills with patients, their caregivers and families.
- > Develop a personal development plan based upon your self-assessment.

Speakers

- > Susan Friedman, RN, Director, RN Education, Med-Revu, Inc.
- > Larry Prince, Ed.M., President, Med-Revu, Inc.
